

## SUGGESTED SUPPLY LIST

### Drawing from Photographs - Karen Nastuk

A good flowing black sharpie with regular point. (not chisel, not super fine, just a cone that points)

A few pencils

A good flowing pen like Uniball, black.

A sketch book 8 ½ x 11 or larger, spiral bound if you have it. I think we'll go through 100 sheets. Tape a pocket in the inside back cover for handouts and pass-arounds or I'll help you make one.

Bring some photos you would like to draw from—places you like/love, beautiful, interesting, even portraits, pets, prized things.

A glue stick or two.
